

## Exhibitor Introduction

Name of Company	Y.TECH	Company Logo
President	Martin Lee	
Address	106-74, Gwahakdanji-ro, Gangneung-si, Gangwon-do, Republic of Korea	
Website	<a href="https://www.ytcera.co.kr/">https://www.ytcera.co.kr/</a>	
E-mail	<a href="mailto:sales@ytcera.com">sales@ytcera.com</a>	
Tel.	070-4148-6665	
Contents of Exhibit	LTCC RF Components	
Exhibitor Introduction	<p>Y.TECH is the total ceramic electronic components provider, located in South Korea, and we are particularly specialized in LTCC(Low Temperature co-fired Ceramic).</p> <p>In particular, we develop and produce LTCC RF components(Antenna, Filter, Diplexer, Bias Tee, Termination, etc.) of various frequency bands applied to 5G networks, Defense, Medical, Automotive products, etc.</p> <p>One of our key strengths is we have the entire system of the procedures from material sourcing and manufacturing to the quality inspection/assurance as the Turn-Key Solution.</p> <p>And we can provide you with customized Foundry Service(OEM, ODM) to meet your demand.</p> <p>Especially, we have LTCC materials of various dielectric rates, so we can implement compact sizes not only in low frequencies but also in the 5G &amp; mm-Wave band.</p> <p>In addition to developing filters in the sub-6GHz to 5G, 28GHz, 38GHz and above bands, we are also striving to develop items that meet the needs of global companies beyond Korea.</p>
