

ISAP 2024

November 5 / Tue. ~ 8 / Fri., 2024 | Songdo Convensia, Incheon, Korea

Exhibitor Introduction

Name of Company	<i>TMY Technology Inc.</i>	Company Logo
President	<i>Su-Wei Chang</i>	
Address	<i>3F., No. 3, Yuandong Rd., Banqiao Dist., New Taipei City 220630, Taiwan (R.O.C.)</i>	
Website	https://tmytek.com/	
E-mail	<i>marketing@tmytek.com</i>	
Tel.	<i>+886-2-82269168</i>	
Contents of Exhibit	<i>XRifle Reflector & Dynamic RIS mmWave Prototyping platform FR2 OAI Ground Terminal ESA</i>	
Exhibitor Introduction	<p><i>TMY Technology, Inc. (TMYTEK) is an innovator and a game-changer that delivers the breakthroughs of millimeter-wave solutions in 5G/B5G and satellite communication applications to worldwide clients. As a leading technology developer, TMYTEK enables people's everyday life with better connectivity from our clients' products. By transforming the mmWave RF fronted with innovative devices, inventing ready-to-use beamforming development kit, implementing phased arrays with modern Antenna-in-Package (AiP) technology, and redefining the OTA testing methodology, TMYTEK empowers industrial inventions to market faster. Together with our global partners and allies, we make historical firsts and positively impact society. Find out more from tmytek.com</i></p>
