

Exhibitor Introduction

Name of Company	Comotech Corporation	Company Logo
President	Youngsu Kim / CEO / PhD	 코모텍(주) COMOTECH CORP
Address	Digital Empire 902, 383 Simindaero, Dongan-gu, Anyang, Gyeonggi-do, 14057, South Korea	
Website	www.comotech.com	
E-mail	yskim@comotech.com	
Tel.	+82-31-424-7550	
Contents of Exhibit	M/W, mmW, Sub-THz Antenna, sub-system, module, component	
Exhibitor Introduction	<p>Comotech produce microwave components including millimeter-wave/Sub-THz frequency range Antenna, HPA, LNA, Mixers, PLO, module packaging, waveguide filters, and 24GHz, 60GHz, 76-81GHz, 92-95GHz, 120GHz, 140GHz component for radar application according to custom design.</p> <p>Recently we are involved several numbers of next-generation 6G government projects for advanced R&D strategically and develops transceiver module, antennas in 153GHz, 158GHz, 204GHz in Sub-THz frequency range with other waveguide components.</p> <p>Based on these technologies, Comotech is able to provide not only active modules for the defense industry but also various passive components such as antennas and waveguides. Recently, we are producing a number of products that can be directly applied to low-orbit satellite modules/parts such as Ka-band and Q-band.</p>
